

## Bayside Glen Eira Integrated Care Community of Practice

### 14<sup>th</sup> November 2018 Event Summary

The inaugural Integrated Care Community of Practice for the Bayside Glen Eira region (within the Alfred Health catchment) was held on the 14<sup>th</sup> November 2018 at Caulfield RSL in Elsternwick. The event ran from 6pm to 8pm and was introduced by Dr Gary Yip, General Physician Department of General Medicine, Alfred Health.

The evening featured a patient and carer filmed story with subsequent round table discussion. A poll (slido) was used at the end of proceedings for anonymous feedback and attendees were invited to stay and network.

Some additional suggestions

“Service presentations built around themes with opportunity to network and to introduce new initiatives

“Presenters and guest speakers would be good to become aware of local services etc. thankyou

“Case study always brings out different conversations.

“Like a range of formats to keep it fresh
