

Greater Dandenong and Surrounds Integrated Care Community of Practice (CoP) Event

The CoP events bring together general practice, community health services, hospitals, council services, allied health services, dental services, mental health services, pharmacies, social services, neighbourhood houses, community groups, social groups and others with a view to improving awareness and connectivity.

This meeting will include a panel discussion on **Social Isolation and Social Prescribing** with several providers. There will be facilitated discussion along with an opportunity to network and share ideas for person centred care.

Clinicians and leaders from all health and social services in the Greater Dandenong region are invited to attend. Breakfast included.
