

Social Prescribing Initiatives: Selandra Community Hub | City of Casey

Service: Selandra Community Hub

Main Component: Selandra Community Hub is an integrated community facility which is council owned and managed.

Selandra Community Hub's Vision:

'A place that strengthens the life of the community, where people come together to connect, belong and thrive'

Create a welcoming, engaging facility that allows people to connect, belong, learn, and play.

Creating Place – creating a warm, inviting, welcoming space for residents to connect to each other, to organisations and to resources.

Creating Value – Through relationship and consultation with the community, needs can be identified, and programs developed to address those needs. Developing non-confrontational support and advocacy around Council identified needs such as addressing domestic violence, crime, education support. Creating value for change and healthier lifestyle choices.

Creating Connection – Providing connection to organisations, resources and programs that support the changes needed to ensure health, wellbeing, education, social inclusion, and holistic living.
